

BENEFITS OF SUNGOLD

A versatile cleaner used in homes, restaurants, hotels & motels, and a variety of business and industries.

Because Sun Gold is a concentrated cleaning solution, it was developed as an alternative for earth-polluting cleaning products. It is non abrasive, biodegradable, and non toxic. Sun Gold is truly an all purpose, all-surface multi-use, specialty formula. The success of Sun Gold All Purpose cleaner is it's exceptionally versatile. And best of all it really works!

Sun Gold is a unique, water-based cleaner that can safely be used to clean many surfaces, because there are no harsh chemicals, ammonias, or abrasives.

Sun Gold leaves surfaces clean and film-free. After your first use, you'll see that Sun Gold brings out the natural shine in stainless steel, chrome, porcelain, bathroom tiles, and glass

IT'S WATER SOLUBLE, so use Sun Gold on:

EVERYDAY

Ovens • Stainless Steel
Bathrooms • Windows
Mirrors • Upholstery
Carpet • Linoleum
BBQ Grills • Fireplaces
Vinyl • Leather
and more!

INDUSTRIAL

Degreasing • Oxidation
Rust • Chrome • Fiberglass
Concrete • Floors
Equipment • Machinery
Autos • Trucks • RV's
Planes • White Walls
and more!

SAFE FOR THE ENVIRONMENT

Safe for you, safe for the environment. Since 1978 Sun Gold has been manufacturing a non toxic and biodegradable all purpose cleaner. Not only is this cleaner safe and effective, it is made right here in the U.S.A.!

How green are you? Today there's an increased amount of chemicals present in standard household cleaning solutions. These amounts are magnified in commercial industry, resulting in even higher chemical exposure, creating occupational and environmental concerns.

YOU SAVE MONEY!

Sun Gold Super Concentrated All Purpose Cleaner works on virtually everything. The more jobs you use Sun Gold on the more you will save. Mix it yourself and Save Money on your cleaning supply costs. Why buy cleaners for general use, degreasers, glass cleaners, PLUS all the "specialty cleaners" you now use? Mix it yourself and SAVE!

A super-concentrated paste, Sun Gold saves customers **3-4 times** the money of most other cleaners. Use Sun Gold for home, office, or industry in such forms as spray bottles, carpet machines or heavy degreasing equipment.

STAY CLEAN LONGER

Because it does not leave a film, Sun Gold helps keep fingerprints off your doors, windows and stainless steel. This means less cleaning time and less cost.

SAVE SPACE

Because Sun Gold is a concentrate, you can save money by buying bulk and taking up a fraction of the storage space. The concentrate also allows for a long shelf life and the integrity of its cleaning capabilities.

DEPENDABILITY

Sun Gold has been in business for 40 years and we want to help your business succeed. We strive for excellent customer service that is why we ship for free and usually get your order out within 24 hours. We also have a website where you can find cleaning tips, print safety data sheets and re-order online. You can also e-mail or call our 800 number when you're beginning to run low.

SUN GOLD is SAFE, Non-Toxic, Biodegradable, non-abrasive, leaves no film, and it works!
