

INDUSTRIAL STRENGTH ALL PURPOSE CLEANER & DEGREASER

Sun Gold cleaner is a safe, all purpose, effective, and environmentally friendly cleaner that has gone through extensive research since 1976 to make it one of the most effective cleaners on the market, without the use of hazardous chemicals.

Sun Gold Manufacturing began in 1978 with a revolutionary cleaning product that is biodegradable, non-abrasive, and is one of the very few cleaning products that is NSF A-1 rated and meets all of the requirements for use around food.

Sun Gold is non-toxic, biodegradable, and safe to use on nearly all surfaces and materials.
